

**BELLINTURF**

# Bellin Hero

## Extreme wear-resistant products

As one of the most influential sports in the world, the football game has strict requirements for the pitch performance including the playability and durability to enable athletes to have perfect playing experiences.

Bellin Hero, the high-end football grass of Bellinturf perfectly combines the high-performance raw materials and the superior yarn shape, which meets the various performance requirements and standard of FIFA with extreme wear-resistance and longer life span.

### Ultra thickness and stronger shape

The superior yarn shape with exceptional split resistance guarantees the perfect performance.

### Upright Persistence & Resilience

Bellin Hero products have soft texture by using high performance raw materials while giving consideration to both upright persistence & resilience.

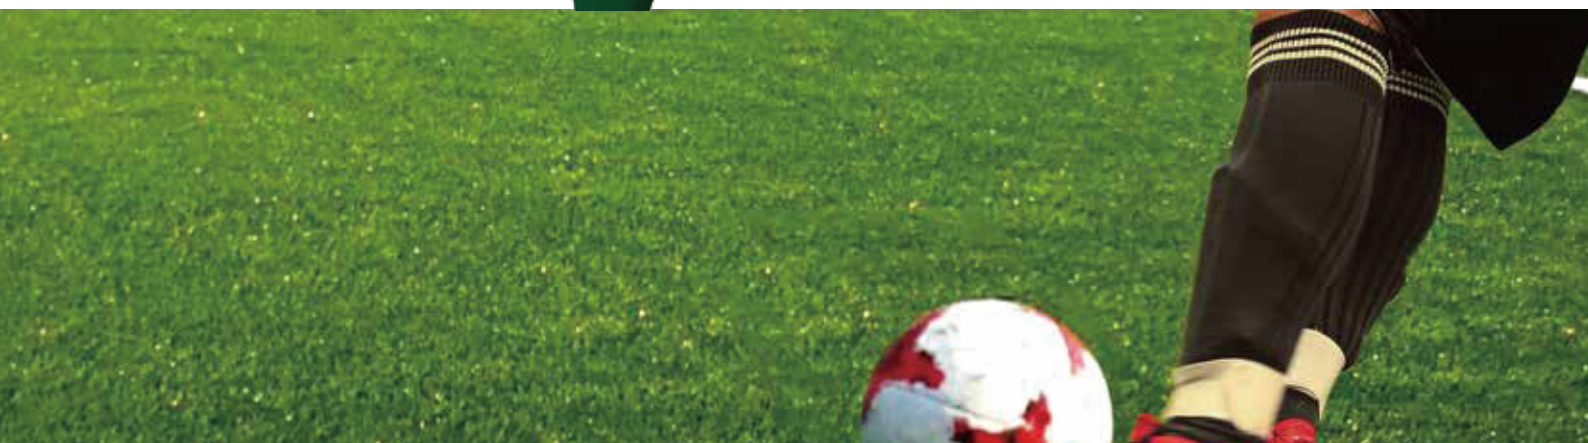

### Outstanding Durability lisport XL $\geq 60,000$ Cycles

Bellin Hero products perfectly combines high-performance raw materials with high-wear-resistant yarn, making the products with ultra-high wear-resistance in which ensure minimum 60,000 cycles of **lisport XL** requirement.

### Life Span

The warranty of traditional football grass is generally 5-8 years, the Bellin Hero products of Bellinturf can provide 10-12 years warranty.

## Products Specification

Pile Height: 60mm±5%

Stitches: 17 stitches/10cm±3%

Gauge: 5/8 inch

dtex: 18000±10%

Backing: PU

The Specification of products can be customized according to requirements.

## Application

High-end soccer grass
